

## What is AFAP?

The Army Family Action Plan is a highly successful grassroots program that starts at the installation level.

Addresses the changing demands of Army life

Contributes to Soldier and family well-being

Improves our standard of living

*AFAP is your chance to say what is working and what isn't – AND how to fix it.*

## How does AFAP work?

AFAP is a catalyst for change at installations, major commands, and the Headquarters of the Department of the Army to improve our standard of living. The NSSC community is encouraged to submit issues prior to the annual installation conference. Delegates to the conference, who represent every demographic segment, prioritize the most critical issues and develop recommendations to report to the Garrison Commander and other senior military and civilian leaders. These leaders are responsible for resolving issues and forwarding those that require a higher level of authority to review or resolve.

**Do you want to make a positive impact on the quality of life Army wide?**

**Do you have a well-being issue you would like the military leadership to consider?**

**Can one person *really* make a difference?**

**YOU** are part of the solution.

The AFAP Program is dedicated to improving standards of living for military personnel, family members, retirees, and DoD employees.

**YOU and AFAP can make NSSC a better place to live and work!**

## How can I get involved?

If you are a member of the NSSC community, you are a part of AFAP.

- ◆ Submit your issues
- ◆ Volunteer to assist with the conference
- ◆ Apply to be a delegate

*Service members, Retirees, Civilian Employees, and Family members are part of AFAP.*

AFAP is a program of the U.S. Army Community and Family Support Center (CFSC). The NSSC AFAP Program has a dedicated and enthusiastic team. There are numerous ways in which you can volunteer and make a positive contribution to our community. Benefits include professional development, training and the opportunity to meet new people!
