Spring Clean-Up is coming

Housing Areas: April 15, Installation April 16

Gimme shelter: Structures to safeguard troops

Engineers at an Army research lab in Natick, Mass., design shelters that are energy-efficient - with LED lighting and solar panels - and easy-to-assemble - with inflatable tubes called air beams. These shelters are invisible at night.

NSSC Town Hall

Brig. Gen. Harold Greene, the Commanding General of the Natick Soldier Systems Center and Dr. Mark Gillem shared with the Natick Military community the vision of what the facility could look like in the future.

The General also shared with the workforce his four objectives for NSSC. Structure a sustainable NSSC. Foster an atmosphere of teamwork and cooperation which creates synergy across the Natick Soldier Systems Center. Develop a strategic plan for the installation. NSSC as an active participant in the community

Defender 6 Sends

The IMCOM Commanding General, Lt. Gen. Rick Lynch talks about the importance of resiliency in this edition of Defender 6 Sends.

According to the commander, "Individuals must be fit mentally, physically, and spiritually to achieve optimum resilience."

Chief of Staff cites goals to be met in 2011

The Army has succeeded in changing and adapting over the last few years, Army Chief of Staff Gen. George W. Casey Jr. told leaders at the Pentagon.

Gen. Casey spoke at the Army Leader Forum April 6 in the Pentagon auditorium.
